ARAMEX ECOMMERCE SOLUTIONS

aramex

Aramex SMART is one such innovative solution. It offers customers who prefer to pay Cash On Delivery (COD), a host of services that enhance the shopping experience. On the other hand, it gives e-tailers an opportunity to build customer loyalty and improve cash flow.

Aramex Go is an online shipping platform developed to target SMEs and cash customers to allow them to create shipments in a seamless online process without having a registered profile or a permanent Aramex account. Customers will be able to get an instant quote and ship their packages by just adding the origin, destination, dimensions and the weight of their shipments.

If your store has a proper storage space, a customer-centric mindset and an internet connection, then congratulations! You are eligible to house an Aramex SPOT within your store, to be part of our shipment pickup locations. That's it! You will then be ready to receive more revenue from your commercial space.

A delivery platform that offers flexible economic opportunities for Local Nationals to deliver shipments on their free time, and in the areas of their choosing. Fleeters can select area specific jobs and track their earnings through a seamless, user-friendly dashboard.

FREIGHT

Whether it is land, air, or ocean freight, import or export, a small package or oversized cargo, you can utilize Aramex's expertise and extensive network to send your shipments around the world. Get full door-to-door delivery service, with documentation, customs brokerage and legalization, all coupled with real-time online tracking.
