REPORT ON REVIEW OF INTERIM CONDENSED CONSOLIDATED FINANCIAL STATEMENTS TO THE SHAREHOLDERS OF ARAMEX PJSC

Introduction

We have reviewed the accompanying interim condensed consolidated financial statements of Aramex PJSC (the "Company") and its subsidiaries (collectively the "Group"), which comprise the interim condensed consolidated statement of financial position as at 30 September 2026, and the related interim condensed consolidated statements of profit or loss and comprehensive income for the three-month and nine-month period then ended, the interim condensed consolidated statements of changes in equity and cash flows for the nine-month period then ended and explanatory notes. Management is responsible for the preparation and fair presentation of these interim condensed consolidated financial statements in accordance with International Accounting Standard 34, "*Interim Financial Reporting*" ("IAS 34"). Our responsibility is to express a conclusion on these interim condensed consolidated financial statements based on our review.

Scope of review

We conducted our review in accordance with International Standard on Review Engagements 2410, "*Review of Interim Financial Information Performed by the Independent Auditor of the Entity*". A review of Interim financial information consists of making inquiries, primarily of persons responsible for the financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with International Standards on Auditing and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

Conclusion

Based on our review, nothing has come to our attention that causes us to believe that the accompanying interim condensed consolidated financial statements are not prepared, in all material respects, in accordance with IAS 34.

1 ACTIVITIES

Aramex PJSC (the "Parent Company" or "Company") was established as a Public Joint Stock Company on 15 February 2005 and is registered in the Emirate of Dubai, United Arab Emirates under UAE Federal Law No. (32) of 2021 as amended. These interim condensed consolidated financial statements of the Company as at 30 September 2026 comprise the Parent Company and its subsidiaries (collectively referred to as the "Group" and individually as "Group entities").

The Parent Company was listed on the Dubai Financial Market on 12 July 2005.

The principal activities of the Group are to invest in the freight, express, logistics and supply chain management businesses through acquiring and owning controlling interests in companies in the Middle East and other parts of the world.

The Parent Company's registered office address is Building and Warehouse No. 3, Umm Ramool, Dubai, United Arab Emirates.

As at 30 September 2026, the major shareholders of Aramex PJSC are:

- Q Logistics Holding LLC a subsidiary of Abu Dhabi Developmental Holding Company ("ADQ") which owns 40.47% of Aramex PJSC's issued share capital (31 December 2025: 40.47%).
- GeoPost, the express parcel arm of French Groupe La Poste which owns 28% of Aramex PJSC's issued share capital (31 December 2025: 28%).
- Abu Dhabi Ports Company PJSC ("ADP"), a subsidiary of Abu Dhabi Developmental Holding Company ("ADQ") which owns 22.69% of Aramex PJSC's issued share capital (31 December 2025: 22.69%).

The interim condensed consolidated financial statements were authorised for issue by the Board of Directors on 9 November 2026.

2 BASIS OF PREPARATION AND CHANGES TO THE GROUP'S ACCOUNTING POLICIES

Basis of preparation
The interim condensed consolidated financial statements for the nine-month ended 30 September 2026 have been prepared in accordance with IAS 34 "Interim Financial Reporting".

The interim condensed consolidated financial statements do not include all the information and disclosures required in the annual consolidated financial statements and should be read in conjunction with the Group's annual consolidated financial statements as at 31 December 2025.

In addition, results for the nine-month period ended 30 September 2026 are not necessarily indicative of the results that may be expected for the financial year ending 31 December 2026.

The Group has prepared the interim condensed consolidated financial statements on the basis that it will continue to operate as a going concern. The Directors consider that there are no material uncertainties that may cast significant doubt over this assumption. They have formed a judgement that there is a reasonable expectation that the Group has adequate resources to continue in operational existence for the foreseeable future, and not less than 12 months from the date of authorising these interim condensed consolidated financial statements (Note 18).

These interim condensed consolidated financial statements have been presented on the historical cost basis, except otherwise stated.

The interim condensed consolidated financial statements are presented in the United Arab Emirates Dirham (AED), which is the Company's functional currency.

The Lebanese and Turkish economies are considered to be hyperinflationary during the period ended 30 September 2026 and 2025. Accordingly, the results, cash flows and financial position of the Group's subsidiaries, Aramex Lebanon S.A.L. and Aramex International Hava Kargo ve Keye Anonim Sirketyi have been expressed in terms of measuring unit current at the reporting date.

2 BASIS OF PREPARATION AND CHANGES TO THE GROUP'S ACCOUNTING POLICIES (CONTINUED)

New standards, interpretations and amendments
The accounting policies adopted in the preparation of the interim condensed consolidated financial statements are consistent with those followed in the preparation of the Group's annual consolidated financial statements for the year ended 31 December 2025, except for the adoption of new standards effective as of 1 January 2026. The Group has not early adopted any standard, interpretation or amendment that has been issued but is not yet effective. The amendments which apply for the first time in 2026 are detailed below, but do not have a material impact on the interim condensed consolidated financial statements of the Group.

Classification and measurement of financial instruments – amendments to IFRS 9 and IFRS 7
In May 2024, the IASB issued Amendments to IFRS 9 and IFRS 7, Amendments to the Classification and Measurement of Financial Instruments (the Amendments). The Amendments include:

- Clarifications of the requirements for recognition and derecognition of financial assets and financial liabilities. In particular, a financial liability is derecognised on the 'settlement date' and an accounting policy choice is introduced (if specific conditions are met) to derecognise financial liabilities settled using an electronic payment system before the settlement date
- Additional guidance on how the contractual cash flows for financial assets with environmental, social and corporate governance (ESG) and similar features should be assessed
- Clarifications on what constitute 'non-recourse features' and what are the characteristics of contractually linked instruments
- The introduction of disclosures for financial instruments with contingent features and additional disclosure requirements for equity instruments classified at fair value through other comprehensive income (OCI).

The amendments did not have a material impact on the Group's interim condensed consolidated financial statements.

Annual improvements to IFRS accounting standards – Volume 11
In July 2024, the IASB issued nine narrow scope amendments as part of its periodic maintenance of IFRS accounting standards. The amendments include clarifications, simplifications, corrections or changes to improve consistency in IFRS 1 First-time Adoption of International Financial Reporting Standards, IFRS 7 Financial instruments: Disclosure and its accompanying Guidance on implementing IFRS 7, IFRS 9 Financial Instruments, IFRS 10 Consolidated Financial Statements and IAS 7 Statements of Cash Flows.

The amendments did not have a material impact on the Group's interim condensed consolidated financial statements.

Contracts referencing nature-dependent electricity – amendments to IFRS 9 and IFRS 7
In December 2024, the IASB issued Amendments to IFRS 9 and IFRS 7 - *Contracts Referencing Nature-dependent Electricity*. The amendments apply only to contracts that reference nature-dependent electricity, and they:

- Clarify the application of the 'own-use' requirements for in-scope contracts
- Amend the designation requirements for a hedged item in a cash flow hedging relationship for in -scope contracts
- Add new disclosure requirements to enable investors to understand the effect of these contracts on a company's financial performance and cash flows

The amendments had no impact on Group's interim condensed consolidated financial statements.

3 BUSINESS COMBINATIONS

Hawthorn acquisition:
On 26 February 2026, the Group entered into a Share Purchase Agreement ("SPA") to acquire 100% of the issued share capital of Hawthorn Logistics Solutions Limited ("Hawthorn"), a logistics and freight services company operating in Ireland.

Contingent consideration (note (a))	**(8,144)**
Purchase consideration	**(11,830)**
Goodwill arising on acquisition (provisional) (note (b))	**9,669**

a) As part of the acquisition, a contingent consideration arrangement was agreed with the former shareholders of Hawthorn Logistics Solutions Limited. The contingent consideration is payable subject to the achievement of specified performance targets over defined earn-out periods following the acquisition date. At the acquisition date, the fair value of the contingent consideration was estimated at AED 8,144 thousand (unaudited) and recognised as a financial liability. The contingent consideration is subsequently measured at fair value, with changes in fair value recognised in profit or loss.

b) The goodwill of AED 9,669 thousand (unaudited) and intangible assets of AED 7,871 thousand (unaudited) recognised is primarily attributed to the expected synergies and other benefits from combining the assets and activities of Hawthorn Logistics Solutions Limited with those of the Group.

The net assets recognised are based on a provisional assessment of their fair values as at the acquisition date. The Group will finalise the purchase price allocation exercise and the recognitions within one year from the date of acquisition.

From the date of acquisition, Hawthorn Logistics Solutions Limited has contributed AED 24,204 thousand (unaudited) of revenue and a profit of AED 1,619 thousand (unaudited) to the net profit before tax of the Group.

Transaction costs of AED 190 thousand (unaudited) have been expensed and are included in administrative expenses in the interim condensed consolidated statement of profit or loss and are part of operating cash flows in the consolidated statement of cash flows for the period ended 30 September 2026.

Net cash flow on acquisition was AED 7,801 thousand (unaudited) which represents the purchase consideration net of cash acquired.

3 BUSINESS COMBINATIONS (CONTINUED)

Aramex Central Coast:
On 1 March 2026, the Group completed the acquisition of the business and operating assets of LMD Couriers Pty Ltd trading as Aramex Central Coast pursuant to a Business Asset Sale Agreement.

The acquisition has been accounted for using the acquisition method and, accordingly, the identifiable assets acquired and liabilities assumed were recognised at their fair values at the acquisition date.

The provisional fair value of the identifiable assets and liabilities acquired as at the acquisition date were as follows:

	Provisional fair values recognised on acquisition AED '000 (Unaudited)
Assets	
Intangible assets (customer relationships and rights)	**1,763**
Property and equipment	**728**
	2,491
Total identifiable net assets of fair value	**2,491**
Purchase consideration (note (a))	**(3,091)**
Goodwill arising on acquisition (provisional)	**600**

a) Total consideration transferred amounted to AED 3,091 thousand (unaudited) for the acquisition comprised a cash payment of AED 2,518 thousand (unaudited), together with an amount of AED 573 thousand (unaudited) settled through the offset of a pre-existing receivable owed to the Group by the seller.

The net assets recognised are based on a provisional assessment of their fair values as at the acquisition date. The Group will finalise the purchase price allocation exercise and the recognitions within one year from the date of acquisition.

From the date of acquisition, Aramex Central Coast has contributed AED 12,955 thousand (unaudited) of revenue and a profit of AED 587 thousand (unaudited) to the net profit before tax of the Group.

Net cash flow on acquisition was AED 2,518 thousand (unaudited), which represents the purchase consideration paid for the acquisition.

3.1 GOODWILL

A reconciliation of the carrying amount of goodwill at the beginning and end of the reporting period is presented below:

	30 September 2026 AED'000 (Unaudited)	*31 December 2025* AED'000 *(Audited)*

Impairment	**-**	(2,567)
Exchange differences	**(5,111)**	27,401
	1,760,349	1,754,256

a) During 2026, the Group entered into an acquisition arrangement to acquire Hawthorn Logistics Solutions Limited and Aramex Central Coast (note 3).

3.1 GOODWILL (CONTINUED)

b) On 15 July 2024, the Group acquired Baers Estate Pty Ltd, trading as Aramex (Geelong), through an Asset Sale Agreement ("ASA"). During the measurement period in 2025, the purchase price allocation was revised based on additional information on the fair values of the assets acquired and liabilities assumed. The net impact on Goodwill was a decrease of AED 2,230 thousand.

The goodwill has been allocated to the following groups of cash generating units:

	30 September 2026 AED '000 (Unaudited)	*31 December 2025 AED '000 (Audited)*
Publication and distribution	**6,212**	6,212
Aramex (note (c)):		
Express shipping	**1,053,208**	1,053,490
Domestic shipping	**455,195**	456,800
Freight forwarding	**172,477**	164,421
Logistics	**73,257**	73,333
	1,760,349	1,754,256

c) Aramex includes (i) express shipping, (ii) domestic shipping, (iii) freight forwarding and (iv) logistics as cash generating units.

d) During the period ended 30 September 2026, the regional geopolitical developments, including heightened tensions arising from regional countries' conflict, resulted in an impact on overall business of the Group particularly in UAE and across other GCC countries. Management has exercised judgement in assessing the implications of these conditions on the Group's operations and forecasts. In preparing the updated cash flow forecast, Management has assumed that the impact is temporary in nature prevailing over a few months, with conditions expected to normalize in near future, supported by the UAE's underlying economic fundamentals, and the Group's established operating model. Management also assumed that given the short span of the conflict, as of the reporting date, there is no impact on the discount and yield rate. Based on the revised forecasts, assumptions used, sensitivity analyses performed (on the cash flow forecasts and the discount rates) and the headroom margin available, Management concluded that the resulting changes in forecast cash flows are not material and do not give rise to an impairment loss on the Group's goodwill, as at the reporting date.

4 PROPERTY AND EQUIPMENT

During the nine-month period ended 30 September 2026, the Group acquired assets with a cost of AED 139 million (unaudited) (nine-month period ended 30 September 2025: AED 111 million (unaudited)).

5 RIGHT OF USE ASSETS AND LEASE LIABILITIES

During the nine-month period ended 30 September 2026, the Group made additions of right of use assets and lease liabilities of AED 197 million (unaudited) under various categories (nine-month period ended 30 September 2025: AED 172 million (unaudited)), the depreciation expense for the nine-month period ended 30 September 2026 of AED 182 million (unaudited) (nine-month period ended 30 September 2025: AED 178 million (unaudited)).

9 SEGMENT INFORMATION

For management purposes, the Group has identified four reportable segments of its business:

a) Courier: includes delivery of small packages across the globe to both, retail and wholesale customers, express delivery of small parcels and pick up and deliver shipments within the country, and related royalty and franchise levies.

b) Freight forwarding: includes forwarding of loose or consolidated freight through air, land and ocean transport, warehousing, customs clearance and break-bulk services.

c) Logistics: includes warehousing and its management distribution, supply chain management, inventory management as well as other value-added services.

d) Other operations: includes visa services, publication and distribution services.

Management monitors the operating results of the operating segments separately for the purpose of making decisions about resource allocation and performance assessment. Segment performance is evaluated based on operating profit or loss.

9 SEGMENT INFORMATION (CONTINUED)

The following table presents revenue and profit information for each of the Group's operating segments for the nine-month period ended 30 September 2026 and 2025, respectively:

* Courier segment includes international express, and domestic express.

** Revenue from courier, freight forwarding and other services is recognised at a point in time; logistics revenue is recognised over time as services are rendered.

Transactions between stations are priced and agreed upon rates. All material intergroup transactions have been eliminated on consolidation. The Group does not segregate assets and liabilities by business segments, and accordingly, such information is not presented.

9 SEGMENT INFORMATION (CONTINUED)

Industry segment and geographical allocation
The business segments are managed on a worldwide basis, but operate in more than 8 principal geographical areas, Gulf Cooperation Council (GCC), Middle East excluding GCC, North Africa and Turkey, East and South Africa, Europe, North America, South Asia, North Asia and Oceania. In presenting information on the geographical segments, segment revenue is based on the geographical location of customers. Segments assets are based on the location of the assets.

The following is a summary of revenue generated by the Group based on customers' geographical location:

** These amounts are classified as trade payables.

The other transactions and balances with related parties exclude transactions and balances with Abu Dhabi Developmental Holding Company (ADQ) and its subsidiaries (Unaudited). ADQ is a government-owned entity that controls the Group through an effective ownership interest of 63.16% (31 December 2025: 63.16% (audited)). All transactions with government-related entities are operational in nature, and no individually or collectively significant transactions were entered into during the period with ADQ or its subsidiaries. The Group has applied the exemption under IAS 24 Related Party Disclosures for government-related entities.

Capital commitments
As at 30 September 2026, the Group has capital commitments of AED 90,765 thousand (unaudited) (31 December 2025: AED 32,471 thousand (audited)) towards purchase/construction of property and equipment.

11 CONTINGENCIES AND COMMITMENTS (CONTINUED)

Claims against the Group
The Group is a defendant in a number of lawsuits amounting to AED 68,330 thousand as of 30 September 2026 (unaudited), representing legal actions and claims related to its ordinary course of business (31 December 2025: AED 99,035 thousand (audited)). Management and its legal advisors believe that the provision recorded of AED 5,808 thousand as of 30 September 2026 (unaudited) is sufficient to meet the obligations that may arise from the lawsuits (31 December 2025: AED 11,502 thousand (audited)).

12 SEASONALITY OF OPERATIONS

The Group's business is seasonal in nature. Historically, the Group experienced a decrease in demand for its services in the post-winter holiday and summer vacation seasons. The Group traditionally experiences its highest volumes towards the latter half of the year. The seasonality of the Group's revenue may cause a variation in its quarterly operating results. However, local Middle East and Islamic holidays vary from year to year and, as a result, the Group's seasonality may shift over time. This information is provided to allow better understanding of the results. However, management has concluded that this is not "highly seasonal" in accordance with IAS 34.

13 TAXATION

The major components of income tax expense in the interim condensed consolidated statement of profit or loss are:

	Nine-month ended 30 September	
	2026	*2025*
	AED '000	*AED '000*
	(Unaudited)	*(Unaudited)*
Current income tax expense*	**32,377**	24,328
Deferred tax charge / (credit)	**7,628**	(3,307)
Income tax expense recognised in interim condensed consolidated statement of profit or loss	**40,005**	21,021

* The Group has recognised a Pillar Two current tax expense of AED 5,711 thousand (unaudited) (30 September 2025: AED 2.368 thousand (unaudited)) that arises in Qatar, Kuwait, Bahrain, South Africa and Hong Kong which are not subject to the transitional safe harbour relief– because of low statutory tax rates.

The movement in deferred tax balances during the period arises mainly from changes in temporary differences arising from provisions, impairment allowances, business combination-related adjustments, together with the effect of foreign exchange fluctuations on deferred tax balances denominated in foreign currencies.

Movements on income tax payable were as follows:

	30 September 2026	*31 December 2025*
	AED '000	*AED '000*
	(Unaudited)	*(Audited)*
At 1 January	**41,045**	35,180

Income tax paid	**(22,863)**	(29,962)
Acquisition of a subsidiary	**(698)**	-
Foreign exchange	**(2,050)**	(14)
	47,811	41,045

The Organisation for Economic Co-operation and Development (OECD)/G20 Inclusive Framework on Base Erosion and Profit Shifting (BEPS) published the Pillar Two Anti Global Base Erosion Rules ("GloBE Rules") designed to address the tax challenges arising from the digitalization of the global economy.

The Group operates in UAE where Pillar Two legislation became effective from 1 January 2025. As of September 2026, the Group performed an impact assessment of the potential exposure to Pillar Two income taxes in jurisdictions where the legislation is effective. The analysis conducted by management indicates that Qatar, Kuwait, Bahrain and Hong Kong have a top up tax obligation given it fails safe harbor tests.

13 TAXATION (CONTINUED)

Of the countries tested, the following are summarized at 30 September 2026 and 31 December 2025:

30 September 2026:

- 16 countries meet the de- minimis test
- 11 countries qualify for SBIE test.
- 11 countries qualify for simplified ETR test.

31 December 2025:

- 17 countries meet the de- minimum test
- 3 countries have failed all tests.
- 9 countries have a negative PBT and therefore top up is not relevant.
- 3 countries qualify for SBIE test.
- Bahrain qualifies for the SBIE but a top up tax applies on account of DMTT for safeguard.
- 11 countries qualify for simplified ETR test.

It is unclear if the Pillar Two model rules create additional temporary differences, whether to measure deferred taxes for the Pillar Two model rules and which tax rate to use to measure deferred taxes. In response to this uncertainty, on 23 May 2023, the International Accounting Standards Board (IASB) issued amendments to IAS 12 'Income taxes' introducing a mandatory temporary exception to the requirements of IAS 12 under which an entity does not recognize or disclose information about deferred tax assets and liabilities related to the proposed OECD/G20 BEPS Pillar Two model rules.

The Group has applied this mandatory exception to recognizing and disclosing information about deferred tax assets and liabilities arising from Pillar Two income taxes.

14 FAIR VALUES OF FINANCIAL INSTRUMENTS

Financial instruments comprise financial assets and financial liabilities.

Financial assets consist of cash on hand and bank balances, receivables, investment securities at fair value through other comprehensive income, and other current assets. Financial liabilities consist of loans and borrowings, bank overdrafts, trade payable, lease liabilities, and other current liabilities.

The fair values of financial instruments are not materially different from their carrying values.

All financial instruments for which fair value is recognised or disclosed are categorised within the fair value hierarchy, based on the lowest level input that is significant to the fair value measurement as a whole, as follows:

Level 1 — Quoted (unadjusted) market prices in active markets for identical assets or liabilities
Level 2 — Valuation techniques for which the lowest level input that is significant to the fair value measurement is directly or indirectly observable
Level 3 — Valuation techniques for which the lowest level input that is significant to the fair value measurement is unobservable

For assets and liabilities that are recognised at fair value on a recurring basis, the Group determines whether transfers have occurred between levels in the hierarchy by re-assessing categorisation (based on the lowest level input that is significant to the fair value measurement as a whole) at the end of each reporting period.

There were no changes in the Group's valuation processes, valuation techniques, and types of inputs used in the fair value measurements during the period. As at 30 September 2026, the Group held the following financial instruments measured at fair value:

During the period ended 30 September 2026 (unaudited) and year ended 31 December 2025 (audited), there were no transfers between the various levels of fair value measurements.

At 30 September 2026, the fair values of equity and debt securities were assessed, resulting in fair value gains of AED 52 thousand and AED 291 thousand, respectively (unaudited) (30 September 2025: fair value loss of AED 14,034 thousand and fair value gain of AED 694 thousand, respectively) (unaudited).

15 OWN SHARES HELD BY THE LIQUIDITY PROVIDER

During 2024, the Group engaged a third-party licensed Liquidity Provider on the Dubai Financial Market to facilitate the selling and buying of Aramex's own shares in the market, in accordance with the Market Maker regulations. At the inception of the arrangement, the Group paid AED 10,000 thousand to the Liquidity Provider to facilitate share trading activities. During the year ended 31 December 2025, the Group collected AED 10,412 thousand from the Liquidity Provider, and no amounts were outstanding as at 31 December 2025.

The arrangement was suspended effective 7 February 2025. As at 30 September 2026, no shares were held by the Liquidity Provider on behalf of the Group (31 December 2025: nil (audited)).

* During the period ended 30 September 2025, the Group incurred AED 14,076 thousand (unaudited) in professional fees directly attributable to the acquisition offer by Q Logistics Holding LLC (the Apollo Project). These costs primarily comprised advisory, due diligence, valuation services, and the preparation of a fairness opinion provided to the shareholders of Aramex PJSC to assist them in evaluating the acquisition offer.

** A change of control occurred on 25 July 2025, when Q Logistics Holding LLC, a subsidiary of Abu Dhabi Developmental Holding Company ("ADQ"), acquired 40.47% of Aramex PJSC's issued share capital, and Abu Dhabi Ports Company PJSC ("ADP"), also a subsidiary of ADQ, held 22.69% of Aramex PJSC's issued share capital. As a result, ADQ obtained an effective ownership interest of 63.16% in Aramex PJSC.

Contractual agreements with key management personnel were triggered. These agreements entitled the individuals to a payment in exchange for the settlement of phantom share rights, calculated based on the value of a defined number of shares using the share price on the change of control date.

The total obligation of AED 5,553 thousand was recognised as a provision in the consolidated statement of financial position on 25 July 2025. This amount is payable in instalments over three years. The first instalment of AED 1,389 thousand was paid during 2025, while the second instalment of AED 1,389 thousand was paid during the current interim period.

On 26 February 2026, the Group entered into a new syndicated term loan facility with Emirates NBD Capital, acting as an agent, together with Citibank N.A, First Abu Dhabi Bank PJSC, and HSBC Bank Middle East Limited with an amount of AED 815 million. The loan bears a variable interest rate linked to EIBOR plus an applicable margin and is repayable after five years, through a single bullet repayment at maturity.

The proceeds from the new facility were used to refinance and settle in full the Group's existing borrowing facilities with First Abu Dhabi Bank PJSC and Emirates NBD Bank, resulting in the replacement of the previous loan arrangements in their entirety.

There were several financial covenants attached to the interest-bearing loans and borrowings as disclosed below:

- Maximum leverage ratio – net debt to EBITDA
- Minimum interest cover ratio – EBITDA to net finance charges
- Guarantor coverage requirements, whereby the guarantor subsidiaries must collectively represent a minimum proportion of the Group's EBITDA, revenue and equity

On 27 October 2025, Aramex PJSC entered into a new 5 year revolving credit facility agreement with a syndicate of banks comprising of HSBC Bank Middle East Limited and DBS Bank LTD (DIFC Branch). The rate of interest on each loan for each interest period is the percentage rate per annum which is aggregate of the applicable margin and SOFR. The total limit of this facility is USD 150 million (equivalent to AED 551 million). The purpose of this facility is to fund capital expenditure and working capital requirements including permitted acquisitions.

The total borrowing under the facility is USD 18.5 million (AED 67.9 million) as of 30 September 2026 (31 December 2025: AED XXX million (audited)).

The two loans are supported by corporate guarantees provided by the initial guarantors, including Aramex PJSC, Aramex Abu Dhabi LLC, Aramex Emirates LLC, Aramex International LLC, Aramex Hong Kong Limited, Aramex Int'l Egypt for Air & Local Services (Egypt), Aramex Saudi Limited Company, Aramex UK Limited, Aramex Doha WLL, Aramex International Limited (Kuwait), Aramex USA Ltd, Access USA Shipping LLC, Access USA C2C, LLC, Parcels Abroad Blocking LLC, Parcels Abroad MGPEF Blocking, LLC, Aramex Jordan – Limited, Aramex Nederland B.V., Aramex Ireland Limited, Aramex International Logistics Private Ltd., Aramex Fastway Holdings Pty Ltd and Aramex New Zealand Holdings Limited.

18 IMPACT OF THE CURRENT GEOPOLITICAL SITUATION

During the period ended 30 September 2026, heightened regional geopolitical tensions resulted in increased uncertainty in the operating environment of the Group. Management evaluated the implications of these developments on key interim judgements and estimates and implemented measured adjustments to certain aspects of the Group's operating model to support business continuity and operational resilience.

Expected Credit Losses (ECL)

Heightened regional geopolitical tensions during the period ended 30 September 2026 increased uncertainty in certain markets in which the Group operates. Management assessed whether these developments were adequately reflected in forward-looking macroeconomic assumptions used in the Expected Credit Loss models and applied management overlays where necessary to address emerging risks not yet fully captured in underlying scenarios.

18 IMPACT OF THE CURRENT GEOPOLITICAL SITUATION (CONTINUED)

Liquidity Management and Business Continuity

The Group assessed the impact of the regional geopolitical developments on liquidity and business continuity. Updated cash flow forecasts assume that the impact is temporary in nature, prevailing over a limited period, with conditions expected to normalise in the near term, supported by the UAE's underlying economic fundamentals and the Group's established operating model. Based on revised forecasts, operating cash inflows, and available committed facilities, management concluded that the Group maintains sufficient liquidity and operational resilience to meet its obligations as they fall due.

Goodwill

Management considered whether the geopolitical developments represent indicators of impairment for goodwill. Based on revised forecasts, key assumptions applied and sensitivity analyses performed, no impairment indicators were identified during the period. Further details are disclosed in Note 3.1.
