## **REPORT ON REVIEW OF INTERIM FINANCIAL INFORMATION TO THE SHAREHOLDERS OF ARAMEX PJSC**

### **Introduction**

We have reviewed the accompanying interim condensed consolidated financial statements of Aramex PJSC (the “Company”) and its subsidiaries (collectively the “Group”), which comprise the interim condensed consolidated statement of financial position as at 30 June 2024, and the related interim condensed consolidated statements of profit or loss, comprehensive income, changes in equity and cash flows for the six and three-month period then ended and explanatory notes. Management is responsible for the preparation and fair presentation of these interim condensed consolidated financial statements in accordance with International Accounting Standard 34, Interim Financial Reporting (“IAS 34”). Our responsibility is to express a conclusion on these interim condensed consolidated financial statements based on our review.

### **Scope of review**

We conducted our review in accordance with International Standard on Review Engagements 2410, “Review of Interim Financial Information Performed by the Independent Auditor of the Entity”. A review of Interim financial information consists of making inquiries, primarily of persons responsible for the financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with International Standards on Auditing and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

### **Conclusion**

Based on our review, nothing has come to our attention that causes us to believe that the accompanying interim condensed consolidated financial statements of the Group are not prepared, in all material respects, in accordance with IAS 34.

### **Other matter**

The consolidated financial statements of the Group for the year ended 31 December 2023 and the interim condensed consolidated financial statements for the period ended 30 June 2023 were audited and reviewed by another auditor who expressed an unqualified opinion and an unqualified conclusion on those statements on 8 February 2024 and 9 August 2023, respectively.

This interim condensed consolidated financial statement was authorised for issue by the Board of Directors on 8 August 2024.

#### 2 BASIS OF PREPARATION AND CHANGES TO THE GROUP’S ACCOUNTING POLICIES

##### BASIS OF PREPARATION

The interim condensed consolidated financial statements for the six months ended 30 June 2024 have been prepared in accordance with IAS 34 Interim Financial Reporting. The interim condensed consolidated financial statements do not include all the information and disclosures required in the annual consolidated financial statements and should be read in conjunction with the Group’s annual consolidated financial statements as at 31 December 2023. In addition, results for the six-month period ended 30 June 2024 are not necessarily indicative of the results that may be expected for the financial year ending 31 December 2024.

The Group has prepared the financial statements on the basis that it will continue to operate as a going concern. The Directors consider that there are no material uncertainties that may cast significant doubt over this assumption. They have formed a judgement that there is a reasonable expectation that the Group has adequate resources to continue in operational existence for the foreseeable future, and not less than 12 months from the end of the reporting period.

## 2 BASIS OF PREPARATION AND CHANGES TO THE GROUP'S ACCOUNTING POLICIES (CONTINUED)

### NEW STANDARDS, INTERPRETATIONS AND AMENDMENTS ADOPTED BY THE GROUP

The accounting policies adopted in the preparation of the interim condensed consolidated financial statements are consistent with those followed in the preparation of the Group's annual consolidated financial statements for the year ended 31 December 2023, except for the adoption of new standards effective as of 1 January 2024.

#### SUPPLIER FINANCE ARRANGEMENTS - AMENDMENTS TO IAS 7 AND IFRS 7

In May 2023, the IASB issued amendments to IAS 7 Statement of Cash Flows and IFRS 7 Financial Instruments: Disclosures to clarify the characteristics of supplier finance arrangements and require additional disclosure of such arrangements. The disclosure requirements in the amendments are intended to assist users of financial statements in understanding the effects of supplier finance arrangements on an entity's liabilities, cash flows and exposure to liquidity risk. The transition rules clarify that an entity is not required to provide the disclosures in any interim periods in the year of initial application of the amendments.

The amendments had no impact on the Group's interim condensed consolidated financial statements.

#### AMENDMENTS TO IFRS 16: LEASE LIABILITY IN A SALE AND LEASEBACK

In September 2022, the IASB issued amendments to IFRS 16 to specify the requirements that a seller-lessee uses in measuring the lease liability arising in a sale and leaseback transaction, to ensure the seller-lessee does not recognise any amount of the gain or loss that relates to the right of use it retains.

The amendments had no impact on the Group's interim condensed consolidated financial statements.

#### AMENDMENTS TO IAS 1: CLASSIFICATION OF LIABILITIES AS CURRENT OR NON-CURRENT

In January 2020 and October 2022, the IASB issued amendments to paragraphs 69 to 76 of IAS 1 to specify the requirements for classifying liabilities as current or non-current. The amendments clarify:

- What is meant by a right to defer settlement
- That a right to defer must exist at the end of the reporting period
- That classification is unaffected by the likelihood that an entity will exercise its deferral right
- That only if an embedded derivative in a convertible liability is itself an equity instrument would the terms of a liability not impact its classification

In addition, a requirement has been introduced whereby an entity must disclose when a liability arising from a loan agreement is classified as non-current and the entity's right to defer settlement is contingent on compliance with future covenants within twelve months.

The amendments had no impact on the Group's interim condensed consolidated financial statements.

**3 BUSINESS COMBINATIONS****Aramex (Melbourne)**

On 29 January 2024, the Group entered into an acquisition arrangement through a Business and Asset Sale Agreement (“BASA”) to acquire 4th Dimension Transport named as “Aramex (Melbourne)”; a regional franchise of a courier and freight logistics.

The acquisition has been accounted for using the acquisition method and, accordingly, assets acquired, liabilities assumed, and consideration exchanged were recorded at fair value on the acquisition date.

The provisional fair value of the identifiable assets and liabilities of Aramex (Melbourne), as at the date of acquisition were:

	<i>Provisional Fair values recognised on acquisition AED '000</i>
<b>Assets</b>	
Intangible assets (customer relationships)	3,308

	<u>3,152</u>
<b>Total identifiable net assets of fair value</b>	1,915
Purchase consideration	<u>(23,127)</u>

\* The goodwill of AED 21,212 thousand recognized is primarily attributed to the expected synergies and other benefits from combining the assets and activities of Aramex (Melbourne) with those of the Group.

From the date of acquisition, Aramex (Melbourne) has contributed AED 64,782 thousand of revenue and a loss of AED 395 thousand to the net profit before tax from the continuing operations of the Group. If the acquisition had taken place at the beginning of the year, revenue from continuing operations would have been AED 74,891 thousand and the loss from continuing operations for the period would have been AED 529 thousand.

Transaction costs of AED 704 thousand have been expensed and are included in administrative expenses in statement of profit or loss and are part of operating cash flows in the statement of cash flows.

**Claims against the Group**

The Group is a defendant in a number of lawsuits amounting to AED 96,861 thousand as of 30 June 2024 (31 December 2023: AED 97,581 thousand) representing legal actions and claims related to the ordinary course of business. Management and its legal advisors believe that the provision recorded of AED 13,098 thousand as of 30 June 2024 (31 December 2023: AED 16,282 thousand) is sufficient to meet the obligations that may arise from the lawsuits.

**12 SEASONALITY OF OPERATIONS**

The Group's business is seasonal in nature. Historically, the Group experienced a decrease in demand for its services in the post-winter holiday and summer vacation seasons. The Group traditionally experiences its highest volumes towards the latter half of the year. The seasonality of the Group's revenue may cause a variation in its quarterly operating results. However, local Middle East and Islamic holidays vary from year to year and, as a result, the Group's seasonality may shift over time.

**13 TAXATION**

On 9 December 2022, the UAE Ministry of Finance released Federal Decree-Law No. 47 of 2022 on the Taxation of Corporations and Businesses (Corporate Tax Law or the Law) to enact a Federal Corporate Tax ("CT") regime in the UAE. The CT regime is effective for annual periods beginning on or after 1 June 2023 and accordingly, it has a current income tax related impact on the interim condensed consolidated financial statements for the Group starting 1 January 2024.

The Cabinet of Ministers Decision No. 116 of 2022 specifies the threshold of income over which the 9% CT rate would apply and accordingly, the Law is now considered to be substantively enacted from the perspective of IAS 12 – Income Taxes. A rate of 9% will apply to taxable income exceeding AED 375,000, a rate of 0% will apply to taxable income not exceeding AED 375,000, and a rate of 0% will apply on qualifying income of qualifying free zone entities.

Income tax appearing in the interim condensed consolidated statement of profit or loss represents the income tax expense of the Parent Company and the Group's subsidiaries that operates in taxable jurisdiction. Taxes on income are accrued using the applicable tax rates that would be applicable to the expected total annual profit.

**Pillar Two**

Aramex Group has been monitoring the progress of the Pillar Two implementation in the jurisdictions in which it operates through Constituent Entities (ie) and Joint Ventures. The Group has also appointed advisers (FTI Consulting) to carry out an assessment on the impact of the rules under the Transitional safe harbour rules (briefly these rules provide an option to MNE groups to rely on CBCR reports/ data to determine the jurisdictions that pass one of the three tests and therefore not be required to apply a top-up tax in that jurisdiction under the Pillar Two rules).

The impact assessment exercise is being done for the Aramex Group based on latest available CBCR report (FY 2022) filed by the Group in the UAE and also for 2023 (in house calculations being performed). The assessment will highlight the jurisdictions that pass the tests, and identify jurisdictions that could have top-up tax liability under Pillar Two rules. The calculation of approximate top-up tax liability based on 2022 data needs to be updated / revised based on the recent administrative guidance issued by the OECD in December 2023 which requires certain adjustments to the financial data as reported in the Group's CBC Report to evaluate the safe harbour tests (to clarify, there is no top-up tax liability payable under Pillar Two rules for 2022). This exercise is currently ongoing.

### 13 TAXATION (CONTINUED)

The assessment will be updated for the FY 2023 financial data based on CBCR report for 2023. These assessments would then form the basis for the Aramex Group to review its group structure and operations so as to understand and optimise its top-up tax liability within the framework and spirit of Pillar Two legislation, when such legislation will apply to the Group for financial year 2024 onwards. The quantification of actual top-up tax liability under Pillar Two rules will be based on intra-group payments and financial numbers / data for the year 2024 and onwards, when Pillar Two legislation will be in effect for the Aramex Group.

The Aramex Group tax team is closely monitoring the developments on implementation of Pillar Two legislation in the jurisdictions that it operates, along with further guidance that is expected to be issued by OECD in 2024 and the signing status of MLI by various countries for the STTR to apply (MLI signing expected in mid-2024). The Group will be updating the 2022 assessment for 2023 financial data to further refine the impact assessment conducted to date.

### 14 FAIR VALUES OF FINANCIAL INSTRUMENTS

Financial instruments comprise financial assets and financial liabilities.

Financial assets consist of cash on hand and bank balances, receivables, investment securities at fair value through other comprehensive income, and other current assets. Financial liabilities consist of loans and borrowings, bank overdrafts, trade payable, lease liabilities, and other current liabilities.

The fair values of financial instruments are not materially different from their carrying values.

All financial instruments for which fair value is recognised or disclosed are categorised within the fair value hierarchy, based on the lowest level input that is significant to the fair value measurement as a whole, as follows:

Level 1 — Quoted (unadjusted) market prices in active markets for identical assets or liabilities

Level 2 — Valuation techniques for which the lowest level input that is significant to the fair value measurement is directly or indirectly observable

Level 3 — Valuation techniques for which the lowest level input that is significant to the fair value measurement is unobservable

For assets and liabilities that are recognised at fair value on a recurring basis, the Group determines whether transfers have occurred between levels in the hierarchy by re-assessing categorisation (based on the lowest level input that is significant to the fair value measurement as a whole) at the end of each reporting period.

There were no changes in the Group's valuation processes, valuation techniques, and types of inputs used in the fair value measurements during the period.

**15 OWN SHARES HELD BY THE LIQUIDITY PROVIDER**

During 2024, the Group engaged a third-party licensed Liquidity Provider on the Dubai Financial Market to facilitate the selling and buying of Aramex's own shares in the market, in accordance with the Market Maker regulations. At 30 June 2024, the Liquidity Provider held AED 2,751 thousands of the Group's shares on behalf of the Group at par value.

The premium or discount recognized on trading in the Aramex's own shares is recorded as "Reserve on trading in own shares". Such reserve, which amounted to AED 4,360 thousand as of 30 June 2024, is classified under equity. Included in the reserve is a net loss of AED 287 thousand realized during the period ended 30 June 2024.

At the inception of the agreement, the Group paid AED 10,000 thousand to the liquidity provider to facilitate the shares trading process, out of which AED 2,889 thousand were outstanding as of 30 June 2024, recorded under other current assets.
